WIC SHOPPING GUIDE

Standard Food Package

PREGNANT WOMEN

A Healthy Foundation for Life

Before You Shop:

- Check your refrigerator temperature (35-40° Fahrenheit) and that there's enough storage space.
- Make a shopping list for items you plan to buy to resist impulse shopping.
- **Do NOT sign your WIC checks before going to the store.** Look at the “**First Date to Use**” and the “**Last Date to Use**” printed on your WIC checks to make sure you are taking the right checks to the store.
- Plan what fruits and vegetables to buy with your Fruit/Vegetable check (Cash Value Vouchers or CVVs).
- Locate the WIC authorized vendors in your area by using the **WIC Authorized Vendor List** provided at the WIC clinic.
- Bring your **WIC ID Card**, **WIC checks**, **Guam WIC Shopping Guide**, and your **own shopping list** to the store. If you are a Proxy, you must bring the **WIC ID Card**, your **Proxy Card**, and your **valid photo identification card**.

While Shopping:

- Read your WIC checks so that you only buy authorized food items. You can only buy food items listed on your WIC checks. No substitutions can be made. Buy store or generic brands when possible.
 - Use this Guam WIC Shopping Guide to help you choose WIC approved foods and the correct package sizes.
 - Look for the **WIC APPROVED** labels on the store shelves to help you find approved foods.
- 
- You should buy all the foods listed on your WIC checks. Once the WIC check is redeemed, the foods that you did not get cannot be redeemed later.
 - Do not buy foods that are close to being out-of-date/expired or are damaged. Contact the WIC Vendor Management Coordinator (475-0291 or 687-7905) if you have any problems with a vendor. Contact the store manager if you have a problem with the quality of any foods.
 - In the produce section, take time to weigh the fresh fruits and vegetables and calculate prices so you will know how much they will cost. You will need to pay for the amount that is more than what's indicated on the WIC check.
 - If you cannot find what you are looking for, ask store staff for help. If the store does not have all the WIC foods listed on your WIC checks, you may go to another WIC authorized vendor or return when the store has all the WIC foods listed on your WIC checks. Please contact the WIC Vendor Management section at 475-0300, 475-0291 (or 687-7095), or 475-0292 if you have problems with the WIC foods or the WIC authorized vendors.
 - Before checking out, review your WIC checks and WIC foods to know you have the correct items.

At Checkout:

- Tell the cashier you will be using WIC checks.
- Separate your WIC items from other items you plan to buy.
- Before you sign the WIC check, make sure that the right date is written on the check and the total price on the cash register matches the total price written on the check. If it matches, sign the check the same way you signed your WIC ID Card (or the signature on the Proxy Card for Proxies).
- Fruit/Vegetable checks have a printed dollar value. If your fruits and vegetables cost more than the amount on the check, you can pay the extra amount.
- No cash change will be given from any WIC transaction.
- Keep receipts for your records. WIC items may not be returned to the store for cash, credit, or be exchanged for non-WIC foods. Defective items may be replaced according to the vendor's policy for replacement.

When Home:

- Properly store foods to keep them fresh.
- Keep a refrigerator thermometer in your fridge (40°F or below) and freezer (0°F or below) to make sure it's at the correct temperature.
- If you are still having issues with your refrigerator temperature, contact your WIC nutrition counselor for more information.
- Receiving WIC food benefits makes you responsible to prepare healthy and nutritious meals for yourself and/or your children.

NOTICE:

Keep your WIC checks in a safe place. Treat them as if they were cash. Lost or stolen WIC checks WILL NOT be replaced!

Report any stolen WIC checks to your WIC clinic as soon as possible!
